Notes from the team;

dietary requests - we want everyone to be able to eat as much of our menu as they can so please do not be afraid to ask us.

specials - why do we have so many? two reasons...we want to have to freedom to create a variety of dishes to teach our learners as much as possible and we hate waste. so although you might not know what is exactly on the menu before you come, we promise it will be seasonal, tasty and exciting.
